Kiwanis is a global organization of volunteers dedicated to changing the world one child and one community at a time.

Meeting every Wednesday at 6:30 pm in the Fellowship Hall of the Tecumseh United Methodist Church

## REBUILDING TOGETHER BENEFIT SENIORS, DISABLED

Seven Tecumseh Kiwanis members and two Key Club members helped a mother and her son by fixing minor health and safety issues at her central Topeka home. A railing for the back porch was constructed to provide safer access for her son. Windows were fixed, including replacing some glass in the front door. Plumbing issues were addressed.

The flower beds in front of the house received some TLC.

The project started at 8am Saturday, Apr. 28 and ended around 4pm. It was a great day of service for Kiwanians and Key Clubbers alike.

## BOOKS AND SMILES

Howard, Larry, and Mary gave out 51 books May 1 to happy Kindergarten students at Te-

cumseh North Elementary School. Reading to Kindergarten students has been a Tecumseh Kiwanis service project for many years.

At the end of the school year, a book is given to each student to take home and practice their reading skills. Our goal is to nurture a lifelong love of reading.

Nothing you do for a child is ever wasted.
